How We Work

My name is Jean Marie Herron. I have been helping people to declutter and become more organized and productive for almost 20 years. I do this through my organizing company, **POSSE Partners, LLC.** As an entrepreneur, I can work on small to large projects by myself or with a team.

Here is a list of some of the types of projects we could do together. We offer a turnkey solution to those with major decluttering in these challenging situations:

- Aging in Place
- Aftermath of a Death or Divorce
- Downsizing or Minimizing
- Estate Organizing and Cleanouts
- Evictions
- Home Office Productivity
- Moving/Relocating/Renovating
- Preparing a Home for Market & Profit
- Storage Units – Maximizing & Cleanouts
- Unpacking & Organizing After a Move

These are scheduled by appointment and weekends are available. Payment is taken at each session unless a package is determined upfront. POSSE can also work longer hours as well for an additional fee.

Project Management with POSSE and Partners

This is a package of organizing private sessions and can include POSSE's vetted partners, resources/referrals:
